

MAGIC RAFTER®

German Utility Model:
20 2005 002 553.4

Universal Rafter

Innovative universal telescopic Rafter in anodized aluminium. It is easily installed by hooking the ends onto the awning arms, while keeping them tight and avoiding that they bend.

For awnings from 250cm to 400cm. It also fits awnings of other brands.

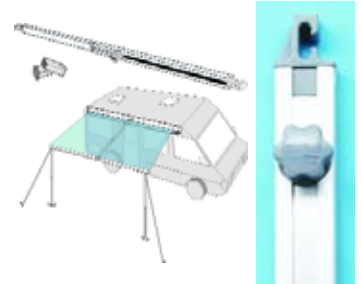

98655-716

RAFTER

Anodized aluminium tension rafter supplied with special wall clips for storage inside the vehicle. With adjustable length from min 142 to max 265cm. Suitable for awnings with max 250cm extension. Optional for F45 from 250cm to 350cm. Complete with rubber ends so it can be installed on other awning brands.

98655-087

RAFTER PRO

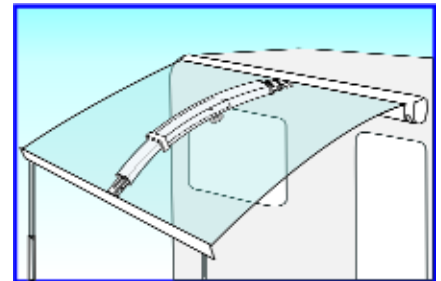

Curved tension rafter. Extra Support

German Utility Model: 297 17 092

The tension Rafter PRO is easy to install without making any holes in the awning. It keeps the fabric tight, eliminating water pooling from rain and any noisy flapping of fabric in the wind. Plus, there is more clearance for vehicle doors. The rafter is made of two sturdy anodized aluminium telescopic bars. Ideal for awnings with extension up to 250cm, it adapts from min 144cm to max 265cm. length. Complete with rubber ends so it can be installed on other awning brands.
