

# The telescopic "Premium Quality" Bike Carrier Upper structure with high regulation

# PRO

**CARRY-BIKE PRO with 4 Rail Quick and 4 Bike-Block Pro**

The Carry-Bike Pro is recommended by industry experts as the strongest bike carrier on the market with telescopic structure in rounded tube that is easily adjustable from the height of 80 to 150 cm to better fit to the different installation possibilities. The upper fixing kit can be installed at different heights. Its solid telescopic rail support offers the best system for fastening it to the motorcaravan wall. It is the only one with patented ZOOM 4 BIKES rail support that can carry two extra rails. Carries up to 60 Kg. Standard delivered with 2 Rails Quick, Bike-Block Pro 1 and 3. New version "N" available, supplied without upper and lower fixing kits, as these brackets are already preinstalled on the vehicles Chausson, Challenger and MC Louis.
