

## 2 SECURITY 31 - SECURITY 46

New and elegant improved version made of solid anodized aluminium with 30mm diam. and 2mm thickness.

When closed back onto the door, it works as an antitheft device and prevents accidental opening when travelling. It also serves as a useful handle to make entering and exiting the vehicle easier.

It adapts to all doors opening both to the right or to the left. Complete with key lock and safety release handle, installation brackets, screws and internal counterbrackets.

**SECURITY 31** (h 310 mm)
