CARRY-BIKE®

Carry-Bike exclusive features:

Fiamma Carry Bike with this symbol is approved by TUV. You can trust the certified quality from the strict German Quality Test Institute.

Fiamma Carry Bike is standard delivered with 2 rails. Many models have the possibility to add the third and fourth rails in order to carry up to 4 bikes.

Carry Bike Pro has a solid patented telescopic rail support ZOOM-4-BIKES for a better fixing on the wall of the vehicle.

The carry bike models have the double reinforced bike carrier rail and the safety strap Quick safe. Some of the luxury models mount the new Rail Premium.

Fiamma Carry-Bike has the Bike Block Pro, fixing kit for bicycles, anti-scratches, safer and easier, for all tubes with diam. Ranging from 25 to 80mm.

Most of the Fiamma Carry Bike are equipped with the system of shock and vibration absorption "Bull Shock Absorber" while travelling.

Carry Bike uses 15 micron anodized aluminium rounded tubes.

Fiamma Carry Bike uses only long life stainless steel screws.

In order to grant the resistance and the capacity in time, several Fiamma Carry-Bike use an improved rounded frame.

Most of the Carry Bike has safety block for bike rail supports.

Only Fiamma Carry Bike offers you, standard delivered on the majority of models, the Quick Safe the safety straps in order to block the wheel on the rail. Easy release for immediate opening.

Fiamma Carry Bike has passed the German GS-TUV tests for the fixing brackets, for this reason it is preferred by many motorhome constructors who preinstall the original Fiamma brackets on their vehicles.

New carry-bike of different colours to match the colour of your motorhome (only for the model Pro and Pro C)

Red colour: it is the standard Fiamma carry bike version.

Grey colour: optional version on Fiamma carry bike, available on request. *

Black colour: optional version on Fiamma carry bike, available on request. *

Blue colour: optional version on Fiamma carry bike, available on request. *

These versions are made on special request, to know the exact availability please contact your dealer.

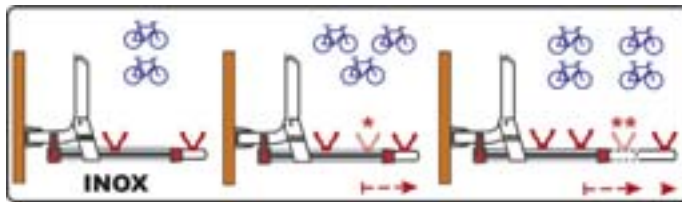

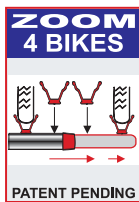

EXCLUSIVE CARRY-BIKE PRO LINE

The Carry-Bike Pro is recommended by expert campers

German Patent 44 27 450.5

Patented telescopic rail support

ZOOM 4 BIKES

The Carry-Bike Pro is recommended by industry experts because it is the strongest bike carrier on the market. Its solid telescopic rail support offers the best way to fasten it to the motorcaravan wall.

It is the only one with patented ZOOM 4 BIKES rail support.

Carry-Bike Pro 4-bike with two extra rails and Bike-Blocks. Staggered rails make it easy to position two extra bikes.

Exclusive Carry-Bike Pro Line. Patented telescopic rail support. The only rail support structure with a thicker rounded tube. Rail support structure with reinforced points in stainless steel and reinforcement inserts in aluminium. Exclusive and patented Bull Shock Absorber to guarantee maximum resistance to vibrations.

Fiamma Carry-Bikes are produced at our factory in Cardano al Campo, Italy, using the latest technology

BULL - SHOCK ABSORBER

New system of shock and vibration absorption while travelling

German Utility Model: 20 2004 008 369.8
German Patent: 198 39 919.7-21
European Patent : 05 011 144.2-2421

UPPER BRACKETS

To be on the safe side!

The Fiamma Carry-Bike has passed the German GS-TUV tests for both the fixing brackets and the carrying structure. These tests are very strict and are continuously updated to comply with current legislation.

For this reason the Fiamma Carry-Bike is preferred by many motor home constructors who preinstall the original Fiamma fixing brackets on their vehicles.

Warning: On the market there are copies of Fiamma bike carriers by other manufacturers that sometimes are installed to the original Fiamma fixing brackets. For the security of people who travel Fiamma highly recommends you to verify that only the original Fiamma Carry-Bike with the GS-TUV label is mounted on the preinstalled Fiamma fixing brackets.
