

Multimo satellite dish predicted reception areas

-  Astra 2F/E/G Spot beam
-  Astra 2F/E/G Pan-European beam
-  Eutelsat 28A
-  Astra 19.2
-  Hotbird 13

This map is for guidance only and is neither a precise representation of satellite footprints nor a guarantee of satellite signal reception.

It is based on information supplied by the satellite operators and RoadPro's own research as of February, 2013.

Satellite reception areas can change at any time and without warning!! For up to date information and to see which channels are available inside which footprint, see the RoadPro website.
