

For Ducato, Jumper and Boxer

Comprehensive product range

All products can be used

in conjunction with each other

Especially for Fiat Ducato, Citroën Jumper and Peugeot Boxer, Omnistor has developed an exclusive range of accessories. All these accessories can be combined.

- **Awning** The **Omnistor 6002 awning** in the special length of 3,25 meter matches your vehicle with long wheel base. Fabric colours 03, 04 or 27. This awning needs to be fitted with the special adapters, so that the awning has optimal operation (see page 27).
- **Safari-Room** A set of **special sides (art.nr.10605022)** is available for the Omnistor 6002 which can be combined with a standard front of 3,00m or 3,25m in order to obtain a complete Safari-Room. The awning must be installed with the special adapters.
- **Step** Being installed with a special mounting kit for Ducato, Jumper and Boxer (**art.nr.20050400**), the **Omni-Step slide out 12 Volt** is the ideal step for your vehicle. **Extra:** A special slide-out step with mounting kit is also available for the **Sprinter!** See page 35.
- **Ladder** The **Omni-Ladder** for Ducato, Jumper, Boxer is (**art.nr.19100410**) mounted with installation profiles onto the left door at the rear of the vehicle. See page 37.
- **Bike carrier** The **Omni-Bike plus (art.nr.18523210)** is mounted with installation profiles onto the right rear door of the vehicle. The door can be opened without removing the bikes. See page 46. **Extra:** The **Omni-Bike plus** for Ducato is also suitable for the **Mercedes Sprinter**.
- **Roof rack** The roof rack has a measurement of 150 x 150cm and loading capacity of 100 kg. This package of roof rack + adapter (**art.nr.19220000**) gives you the opportunity to mount an Omnistor 6002 on top of your Fiat Ducato without the need for drilling!
