

Choose safety and comfort

OMNI•BIKE

It is obvious that people will wish to take their bikes on their holidays.

For Omnistor it is important that we are looking at the safety of transporting these bikes.

This results in a wide varied range of high quality, user-friendly and durable bike carriers for different purposes. You'll discover an Omni-Bike bike carrier in our range that suits your needs. Whichever model you choose: stability and safety are always guaranteed! So you can leave for your holidays without any worries, we'll take care of your bike!

All Omni-Bike bike carriers are very light because the frames and rails are produced in anodised aluminium.

The installation materials of all our Omni-Bike bike carriers are produced of stainless steel and aluminum.

OMNI•BIKE lift

Bike carrier with manual or motorized lifting-system
