

Special bike carrier models

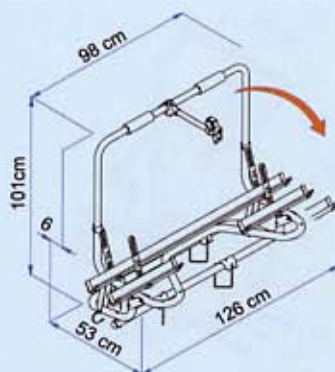

OMNI•BIKE plus CARAVAN COMFORT

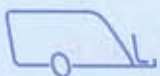

The Omni-Bike plus caravan comfort fits the short A frames such as e.g. Hobby Caravan. Thanks to the hinge system, both carrier and bikes stay on the rails when opening (partly) the load compartment.

Can be extended to 3 bikes (set: art.nr 18050000).

9,2kg
art.nr. 18523400
maximum capacity: 50kg

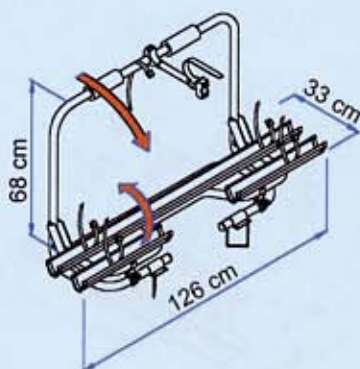

OMNI•BIKE plus CARAVAN SPECIAL

Carrier for 2 bikes for installation onto the A-frame of a caravan. Fits the new Al-Ko A-frame. Due to the hinge system the bike holder and bikes remain in place when opening the loading space! For improved stability the Omni-Bike plus caravan special has two locking profiles which absorb shocks whilst driving.

6,2kg
art.nr. 18521800
maximum capacity: 50kg

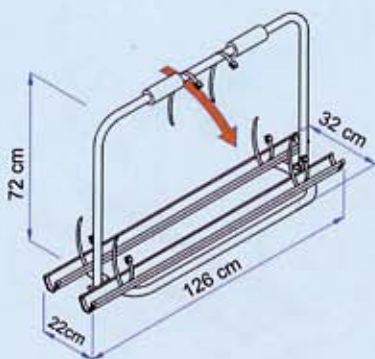

OMNI•BIKE CARAVAN

For installation on the A-frame. Fits also to the Alko A-frame. The bike rack remains in place when opening the loading space, the bikes have to be removed. Suitable for two bikes.

4,7kg
art.nr. 18520300
maximum capacity: 50kg

OMNI•BIKE plus CARAVAN UNIVERSAL

The Omni-Bike plus caravan universal has been developed for installation under the bottom of the caravan. The bike carrier can also be installed to certain caravan rails (e.g. Bürstner, Chateau, etc.) by means of the included mounting rail.

8kg
art.nr. 18523500
maximum capacity: 50kg
