

# Accessories for bike carriers

## Rail support

For installation of an Omni-Bike to a Hobby Caravan (models until 2003). **art.nr.18051800**, per 10 sets

## Eriba Bracket

For installation of an Omni-Bike to an Eriba Caravan. **art.nr.18050100**, per 5 sets

## Omni-Bike Mounting rail

This rail can be used on most of the caravans and makes the installation easier. No more drilling.

**art.nr.18051700**, per 10.

For caravan rails with an integrated light, also available in two parts of 16cm! **art.nr. 18051701**.

## Short Version Kit

To convert an Omni-Bike plus to a Short version.

**art.nr.18500100**

## BIKE•HOLDER

Easy locking system keeping the bikes at a fixed distance from each other in order to avoid damage. Made of anodised aluminium and synthetic clamps that fit the bike frames from 25 to 70mm diameter.

A for the first bike, B for the second bike, C for the second bike (for Omni-Bike plus 3-bikes), D for the third bike and E for the fourth bike. You can also order a set of A, B and D. **art.nr.18051500**

## Mounting rail Autostar

Profile allowing every Omni-Bike to be installed to an Autostar camper so that the fixation fits on the bottom of the vehicle wall. This makes installation and removal easier.

**art.nr.18052300**, per 10.

## BIKE•COVER

Washable cover for protection of the bikes and bike rack against rain, pollution and dust. Available in "Elite" type made in very light PVC fabric with rubber coating.

Elite 2-3 bikes:

**art.nr.18052500**

Elite 4 bikes:

**art.nr.18052504**
