

CARRY ALL • BOX

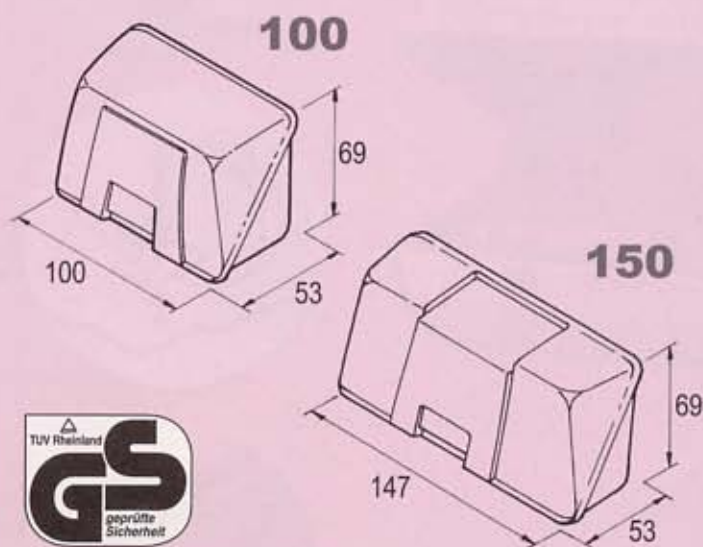

Very solid ABS+

Loading at ideal height

Installation *with* or *without* bike rack

The Carry-All boxes are big volume luggage boxes that are very user-friendly because of their mounting height.

- **Installation** The Carry-All Box can be mounted to any bike rack. An optional special carrier frame is separately available. This frame is fixed to the vehicle wall (1).
- **Comfort** The box is mounted at a very convenient and accessible height ensuring ease of packing and use. Protection net supplied as standard with both types, for the best protection of your luggage (2).
- **Extra** On top of the Carry-All Box 150 a carrier frame for 3 to 4 pairs of skis can be installed (3). The fixation is done on top of the box. **art.nr. 18050300**
- **Remark** **When installing on bike rack:** Maximum loading capacity = max.loading capacity of bike rack minus weight of box!

art. nr.	TYPE	VOLUME	WEIGHT	COLOUR
