

For Ducato, Jumper and Boxer

- **Comprehensive product range**
- **All products can be used in conjunction with each other**

Especially for Fiat Ducato, Citroën Jumper and Peugeot Boxer, Thule has developed an exclusive range of accessories. All these accessories can be combined.

Awning The Omnistor 6002 awning in the special lengths of 3.25 or 3.75 meter matches your vehicle with short or long wheel base.

This awning needs to be fitted with the special adapters, so that the awning has optimal operation (see page 32-35).

For vehicles with short wheel base and vehicles till 07/2006, the Omnistor 6002 with a 3.25m length is suitable. Fabric colours 03, 04 or 27.

Roof rack The roof rack has a measurement of 150 x 150cm and loading capacity of 100 kg. This package of roof rack + adapter gives you the opportunity to mount an Omnistor 6002 on top of your Fiat Ducato without the need for drilling!
Model <2007 art.nr.19220000
Model >2007 art.nr.19230000
Also for Mercedes Sprinter and VW Crafter

Safari-Room A set of special sides (art.nr.10605022) is available for the Omnistor 6002 which can be combined with a standard front in order to obtain a complete Safari-Room. The awning must be installed with the special adapters.

Bike carrier The Omni-Bike plus is mounted with installation profiles onto the right rear door of the vehicle. The door can be opened without removing the bikes. See page 51.
Ducato <2007 art.nr. 18523210
Extra: The Omni-Bike plus for Ducato (<2007) is also suitable for the Mercedes Sprinter. (<2007)
