

Omnistor Accessories

Omnistor Accessories is the leader in the field of awnings and accessories for campers and caravans. The production area of the company covers more than 19.000m² and products are being exported to wholesale traders and manufacturers all over the world. Thanks to co-operation, mutual trust and a good after-sales service, Omnistor was able to develop a very close dealer network. With more than 30 years of experience to depend upon, a qualified engineering team at the basis, a well structured and organised production department and a dynamic sales team, Omnistor stands for innovation, quality and an excellent service.

Omnistor has a patent for all its new developments.
