

OMNISTOR•9000

For residential vehicles

www.motorcaravanning.co.uk

Extremely strong awning, especially designed for residential vehicles. The awning is supported by very solid support arms when rolling and unrolling.

1. The Omnistor 9000 can easily be unlocked by pushing the handle.
2. Easy to roll out: unrolling of the fabric is done by hooking the pull strap.
3. Easy height adjustment of the support arms, can be positioned diagonally and vertically to allow ease of walking through.
4. Option: tension rafter + support arm

Projection: 2,45m. Colours: 10, 18, 19, 20, 21, 26, 27 + colour 02 (brown vertical) surplus +5%.
