

The side panels are joined to the front profile by means of a synthetic double profile.

The awning fabric is joined to the side panel by using the tent clips. The anti-slip strips joined with the clips ensure a more wind proof connection.

Also optional is a bend tension rafter. Also see page 25.

www.motorcaravanning.co.uk

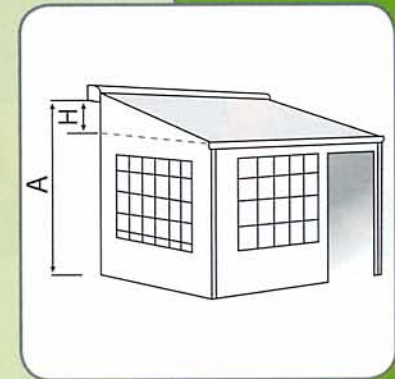

A horizontal tension rafter which gives an increased fabric tension is optional. art.nr.51404800.

A (mounting height)	H
between 2,00m and 2,19m (S)	±20cm
between 2,20m and 2,39m (M)	±40cm
between 2,40m and 2,59m (L)	±60cm
between 2,60m and 2,80m (XL)	±60cm
