

OMNI•BIKE

Your bikes' best friend

You like open air holidays and of course biking is one of your favourite sports. The transportation of your bikes does not necessarily need to be a tricky and hazardous event. That is why choosing an Omni-Bike is the best option!

Omnistor has a wide range of bike carriers and accessories meeting your requirements. Bike carriers can be chosen according to the type of vehicle, the number of bikes, budget and installation. No matter what type you choose, you always buy an Omni-Bike with confidence as it has been designed for your comfort, safety and ease of transport.

Easily stored in the garage!

OMNI•BIKE plus GARAGE

art.nr. 18522400

The Omni-Bike plus garage is a bike carrier for 2 bikes and can be extended to a maximum of 4 bikes. The bike carrier is installed in the trunk space of your motorhome. The bikes are placed in the V-rails and are kept in its place by bikeholders. In this way damage is avoided to bikes or other luggage. The frame is fixed in 4 fixation spots to the floor and the carrier can easily be closed when it is not being used. Wall fixation is supplied as standard.

Extension sets:

3 bikes: art.nr. 18053100

4 bikes: art.nr. 18053200
